Education

Sasi Institute Of Technology and Engineering

2019 - 2023

Bachelor of Technology in Electronics and Communication Engineering (CGPA: 9.11 / 10.00) Tadepalligudem, Andhra Pradesh

Internship Experience

Banking Management System | Virtusa Internship

- This project is done under the internship program offered by virtusa.
- The main aim of this banking management system project is to manage the day to day operations of a Bank. We created procedures, functions, triggers and tables for the implementation in plsql with a team of 10.
- This project was completed within 3 months which helps me to enhance and get the real time experience of the plsql technology.

Machine Learning with Python | College Internship

- This internship is offered by the Karunadu Technologies private limited to enhance the concepts of python and the machine learning.
- It mainly covers some of the python packages like numpy, pandas, matplotlib and some of the machine learning algorithms like Linear regression and the logistic regression.

Projects

Secure Data Hiding Using DWT and Image Scrambling

Final Year Project

- Developed a system to secure data transferred through the internet.
- Combined two methods: DWT and Image Scrambling. DWT is used to hide data in the low-frequency bands, and Image Scrambling is used to scramble the image into multiple turns.
- Implemented encoding and decoding techniques using MATLAB software.

Technical Skills

C Language

Python

Database Management System

Structured Query Language (SQL)

Procedural Structured Query Language (PL/SQL)

Certifications

- Oracle Database SQL Certified Associate [Id: 18926700CASQL12C]
- Oracle Database plsql developer Certified Associate [Id: 18926760PLSQLCOC]
- Power Bi from Mindluster [Id: 10094984350]
- Programming For Everybody - Getting Started with python from coursera [Id: 4YJM3WLA3MES]

Habits

- Cooking
- Enthusiasm to learn new technologies
- poetry
